

## Ultra-compact USB device for use on the nation's fastest 3G network.

### AT&T USBConnect Quicksilver

#### Clear benefits.

- Increased productivity: Get access to email and the Internet wherever AT&T provides voice coverage in the U.S.
- Save time and money: Connect on-the-go with a predictable rate plan that eliminates expensive pay-per-use sessions.
- Easy to use: Plug-and-Play installation with no IT support required.

#### More ways to connect than ever.

- Get mobile broadband speeds on AT&T's 3G network, with the freedom to stay connected outside of home and office environments in over 300 metro areas nationwide.
  - Download a 1MB file (typical email with PDF attached) in about 10 seconds
  - Upload a 1MB file in about 15 seconds
- Seamlessly connects to AT&T's nationwide EDGE network, which provides data speeds nearly twice as fast as dial-up.
- Works internationally in more than 140 countries.
- Unlimited usage in more than 17,000 Wi-Fi hotspots in the U.S. (with a qualifying DataConnect plan and a Wi-Fi enabled laptop).

#### Innovative design.

- Quicksilver's small form factor is designed with the latest in wireless data technology, enabling optimal performance on AT&T's expanded 3G/HSPA network.
- Four-click swivel mechanism is designed to work across different USB port layouts, and to protect the USB connector when not in use.

#### Pre-installed software makes getting up and running easy.

- Plug-and-play install for Microsoft Windows Vista, XP and 2000 notebooks.
- Apple Mac OS support (v 10.4 or later) via download from [www.option.com/support](http://www.option.com/support).

actual size

## AT&T USBConnect Quicksilver Specifications

### Key Features:

- USB plug-and-play capability for automatic installation of AT&T Communication Manager software
- Small form factor with USB connectivity makes it ideal for on-the-go use outside of home and office environments
- Seamlessly works between AT&T's 3G BroadbandConnect and EDGE Networks
- Four-position click mechanism for swiveling cap design (no protective cap to lose)
- Global compatibility based upon the global standard for wireless—GSM

### Network Support:

- HSPA (Tri850/1900/2100 MHz)
  - Typical download speeds of 700 Kbps–1.7 Mbps\*
  - Typical upload speeds of 500 Kbps–1.2 Mbps\*
- EDGE/GPRS (850/900/1800/1900 MHz)
- EDGE/GPRS class 12
  - Typical downlink speeds of 70–135 Kbps\*
  - Typical uplink speeds of 60–80 Kbps\*

### Physical Features:

- USB 2.0 and 1.1 connectivity
- Internal antenna
- Dimensions: 66mm L x 25mm W x 17mm H
- Weight: less than 1 oz
- Power consumption: 5.0V
- Multi-color LED status indicator built into swivel
- Offset USB connector to avoid blocking other USB ports on the user's laptop computer

### OS Support:

- Microsoft Windows Vista, XP and 2000 (plug-and-play)
- Mac OS X (version 10.4.3 or later) via download from [www.option.com/support](http://www.option.com/support)

### Includes:

- AT&T USBConnect Quicksilver
- AT&T Communication Manager
- 3G SIM card
- Getting Started Guide

\*BroadbandConnect speed claims based on our network tests without compression using 3MB data files for download and 2MB data files for upload. 3G devices not enabled with HSUPA support typical upload speeds of 220–320 Kbps based on our network tests without compression using 500KB data files for upload. Actual throughput speed varies.

### IMPORTANT INFORMATION:

Coverage not available in all areas. Equipment price and availability may vary by market and may not be available from independent retailers. Specifications subject to change. Up to \$36 activation fee applies. Certain benefits and service features may require you to purchase additional hardware, software, obtain network connection, pay monthly access and/or per use charges. Subscriber must live and have a mailing address within AT&T's wireless owned network coverage area. This device is sold for use on AT&T's wireless systems. It may not be compatible with other wireless systems. AT&T BroadbandConnect download speeds only available in AT&T BroadbandConnect markets. Network speed is no indication of the speed at which your device sends or receives data. Actual speeds depend on distance from cell site, network availability and traffic, device, applications, tasks, file size and other factors. Availability, speed of delivery and timeliness of information is not guaranteed. Terms of service will vary based on selected service plans. Other conditions and restrictions apply. **Early Termination Fee:** None if cancelled in the first 30 days; thereafter up to \$175. Service defaults to national EDGE/GPRS network, where available, if AT&T 3G/BroadbandConnect network is not available. Other conditions and restrictions apply.
